

ACCUSATIVE

What you did
and undid.

We will never get anywhere if you keep accusing me of having done things that I haven't done.

DO THEM QUICK

store up the points
enjoy yourself

IT'S FINE

you don't have to go

I need to get out of here!

I need to balance all these sounds.

I need to say no

to your no!

I know that you have thought things about me.

But I'm not that way.

We are going to solve it all soon.

Have you taken care of caring?

Sharpen your teeth.

That was the last act.

In this tale,

we are tender and gentle.

This is natural

like water flowing down the hill.

Sometime you want just to go the other way.

Go up the hill,

flow against the go.

Don't worry,

we took out the problem thoughts.

You can't stay bitter through the sweet times!

Say what you have to for the time being.

Be perfect for now.

Talk to me.

Say something.

Come back to me!

Trouble is my middle name.

What is your first name?

Get him if he moves.

I am silent and remaining perfectly still.

Are you fine?

I'm perfect. I'm just not letting anything bother me.

Are you scared?

This is not about friends.

I just want to know why the world revolves the way that it does.

I am not going to have this

conversation with you
with anyone
no talking
quiet down
I'm not letting anything bother me.
I'll work it out on me own.
Sure, go ahead. I've got things to do.
Like race cars.
Daredevil.
Calculated risk.
I have enough risk in my life. I need a nap.
There are things that you can take for that pain.
This is cosmic.
I want to feel comfortable.
I want the universe to care for me.
Huh?
Something deeper than just
I'll be your friend.
I'll be your friend.
He just wants you for one thing.
To make pancakes.
Are you good?
A good cook!
What are you saying about my cooking?
You give him powers. But you don't give him superpowers. Why is that?
You can't change horses in midstream!
Let him fly.
At this moment, I am officially late.
Maybe it's time to try to find your real parents.
What are you hoping for?
A kiss and back rub.
I was always afraid that you would hate me.
Do you hate me?
I don't want to accuse you
of anything.
I was made for you
and now
I am going to get given to someone else.
You don't belong to me.
But I long for you.
So do a lot of other people.
Do they have
the longing right?
No, but they have learned the longing rite.
Is that all that it takes?

At this point in my life!
How much did we make of ourselves.
Some people want it,
some people have to get it,
and some people have to bring it to those who want it.
Who are you?
I'm puzzled.
We made a great team.
And now we are on different sides.
Do you want to play
DOUBLES?
We do crying well together.
You have to say the right thing to the right person.
I've been trying both!
I can just leave
if you don't like what I'm saying
what I'm not saying
time to play
on either side
HOLD YOUR TONGUE!
Things to do until you can't do anymore.
Give me your best kiss!
Are you sure?
Sure as the sun!
It's raining.
Maybe the kiss isn't going to be that good either.
Can't you accept things for what they are? Do you always have to have an argument with
somebody?
Eat the cookies!
Is that all that you have for me?
That was lovely.
Get me the salad.
Pile on the vegetable plate.
I am wrong!
Sorry, fellow.
You lose!
Let me float among the stars.
Your kiss will let me float among the stars.
Don't bring me down that fast.
Does that mean that we are going upstairs?
Not too fast!
Does that mean we are going downstairs>
I am not an elevator.
And if the world is falling apart for me,
I feel it is falling apart for everyone else.

So I am at the bottom of the hill
trying to catch the run off.
This is starting to sound really bad for you.
Who are you to say?
“I’ve just got to take a breath. I’ve got things under control. It will be OK.”
I don’t need to see this.
I’ve already had the real thing.
You didn’t take the warning.
That was a children’s story.
Children know things.
Things the writer wants them to know.
Who’s the writer?
Isn’t it time to crawl back in your hole?
So much that went on in parallel lives.
A space across space,
an infinite communion.
Then separating yourself from all that.
Please don’t show me the door.
No one heard what you heard
the abstract echo back and forth
this is how you are going to get away from yourself
HOW DO YOU KNOW?
Know I know.
I just know
I can see.
Parallel tracks
it doesn’t make any difference.
In a jiffy!
Now, I’m on to you.
But you’re not on to yourself
so you can’t be on to on
so no one can really be on
no one can predict
you just walked on past him
as if he didn’t know
sometimes I just have to go
we all have our ghosts
this is part of the agreement
YOU COULDN’T SIT IN ONE PLACE AT ONE TIME!
Are you accusing me?
YOU COULDN’T CONCENTRATE ON JUST ONE THING!
I have forgotten who you are
how we are connected
I have gotten how we are
but not who are you connected

WE ARE NOT CONNECTED!

I need to focus.

Focusing is unfocusing!

Who are you connected?

Who are you unconnected?

To whom it may concern
that you are unconnected.

In you, this connection is undone.

I am concentrating on concentrating.

Why did you do it like that,
do me like that.

Not too accurate.

I'm going to keep talking,
until I'm told to stop.

I get disconnected.

Nothing more to say from my end.

I could give you the stars
if I could sketch each one,
they live by how they live with each other.

I can't

live with them like that
someone else

is giving them to you one by one
for each someone else
one for you

until you get them all
you know how much effort it takes to pull them down like that
reaching up to the sky
and putting them in your hands
and keeping them in your hands
as you bring them down
you don't believe
that anyone can be that good
with reaching
and bringing it down

I don't want to be the fiddler
as your world burns

turn it down
all the way down
heat down

heart up
but the fires are burning inside
and if you don't put them out

DON'T TELL ME WHAT I HAVE TO DO!

Let the flames do the talking

always did
always will
I thought if you looked to the sky
that it would all come together
can you see it all
can you see a little bit
one constellation at a time
one story at a time
dreams fallen to earth
and cast back in the heavens
that is a story
DON'T ACCUSE ME
have you been following your stars
do you see where your stars connect to my stars
we are too far gone for that
there's a nice breeze
it didn't come from the sky
from the air
and returning to the air
I am getting dragged down by the earth
I don't belong here
I need to be set off again
light the fuse
air and fire
are you getting warmer
can you even guess
putting so much of yourself out like that
and unable to put it back
these words are putting it back
there is a key
do you have it
I can't get in
is
I can't get out
is not
I am not inside
but I am locked in
what are you saying
what are your words trying to say
I'm not locked in
I can get outside of the words
outside worlds
leaving such words behind
left you behind
with the words got left behind

things have gotten so messed up
the stars are not messed up
moving on to a conclusion
before it is time to end it
should I be prepared to ride the storm out
tell me when it is about to hit
about to time
time to get out
everyone is trying to get out at the same time
it is going to be too difficult to evacuate
you have a warning
what are you going to do with it
it's not going to slow you down
unless you let it
I feel like mush
I can't do a thing
you're not doing a thing
until
you're doing a thing
until you're doing your thing
moving a thing
making one thing touch another thing
it's all pretty unrecognizable
until it comes into view
and you realize what is touching
and what is touching you
then you see it all
I don't have to be told what I see.
Then you see it all!
I don't want to be told
what I see.
Then I truly see it all.
ALL
I need to sleep.
I have seen too much already.
You're talking
in your sleep
you're all in your sleep
and you're undone by sleep
a thing
not a thing
by sleep
enough already with the sleeping
while you're sleeping
you need to listen to this!

I don't need anyone telling me what I need to do.
I am free. The words have set me free!

Word words
not just thing words
words about using words
and what words have done to me
getting inside deep

I have to take care of this
I have to count my pennies
You don't need to hear this!
What if I want to hear this.

But you don't need
to hear this
to hear this
you really need to hear this.

What did you get
going along with the gang
getting along with the going
when you got along

NO MORE QUESTIONS
answers that ask for
an answer back
are so ridiculous
that you have to
answer back

I'm not saying that you did anything
but if you did
would it

be worth remembering
what's wrong with her
she's a sight for sore eyes
she's a case for the doctor
she's a case of the flu
flew in and flew out
flying all around

just in case
you flew out
and flew back in
are you flying
or driving
or walking

DID YOU DO IT
walk away
fly away like a bird
drive away

did you hit something
we all do it
you weren't looking
CLOSE YOUR EYES
and you just
hit
SOMETHING
it's only something
if you see beneath the surface
on the surface it
was nothing
nothing worth
noting
so it wasn't there
nothing to answer for
so you can fly away
too
things said
got unsaid
did you hear anyone come in
no one in
no one out
if no one is in here
then there is no one
to take the blame
for leaving all the doors open
I don't which one to close
I couldn't figure out which one to open
It's all about a connection
there and not there
Someone is going to have to tell you
when you can't be told
I don't really trust you anymore
him
he
he is no longer worthy of trust
this part is not about you
about him
take it if you will
if you have the will
I am working on a place
where it all comes together
is this all coming together for you
like it's coming together for me
you made a mess everywhere

I made the mess!
Look at it
if that's OK for you
I can't tell you that it isn't
I can't tell you
no one can tell you
what you have gotten yourself into
how you get yourself out
what you've got there
do you have there
can I have some
how does it taste
how does it feel
are you doing this to yourself
or is it doing it
IT
call it for what it is
call you for what you are
call you for what you can call you for
is he going to say
are you engaged now
is it engaging
get in line
the front or the back
I've got a lot of question to ask. Do I need to go to the back of the line?
Get on with it.
I didn't come here to watch. I came her to kiss the sky.
To get really messed up.
Are you really messing me up
because if you're not
you're not doing your job
it's in the words
get the words
take them around with you
other words
things that you can save
and say later
I feel as if you've been storing up all this shit
just to dump it on me now.
"That's all that you have to say to me?"
I have other things to say. I'm just not sure that I'm going to get the chance.
There are loads of other people who want to hear it.
Like whom?
I can tell her story to you
or I can tell your story to her

or I can tell my story to both of you.

Where do you want me to start?

After the part where I did that.

What did you do?

I did that to you!
