

I CAN'T KEEP DOING THIS

I feel broken now.
It is only in the words
not in the body
jump up
and you will feel much better
how did you make that happen
how did you make me feel better
HOW DID YOU MAKE ME FEEL BETTER?
You can't keep doing this.
Squeeze harder
Why?
To get rid of some of the pain
it was only imagined pain
from how I was sitting
it's not as bad as it looks
it never is
hold me forever
I have to go
go to the doctor
I thought that you were OK
don't you know who she is
I had a life before you
and I will have a life after you
isn't that enough for you
yes
I could do this
How can you make me feel better?
You can't.
I can't keep doing this.
I can't
I won't.
How can I make myself feel better?
Are you afraid that you're not feeling well?
You could take something for it. I could recommend something.
Rub this where it hurts.
Let me rub it where it hurts.
Let me rub it.
I won't.
I can't.
What are you doing that you can't keep doing?
Are you asking me or telling me?
Are you going to tell me?
I need you to tell me.

It is raining on me. I need you to make it stop,
Have you ever heard of an umbrella?
A raincoat?
Shelter from the rain!
Why aren't you like the rest of them.
I am. I am worse. I am simply slow to react.
WHAT ARE WE TALKING ABOUT?
Raincoats. This is all about raincoats.
I need you. I need you to lead me out of here.
There is no out
not for me
this is who I am
how I like to be
I need you tell me.
That is all that I have to do to own the world.
Tell me how!
She has a body
she has to use it to get away from them.
You have a plan to help her escape.
She has to spin in place.
She is doing this.
I am dizzy. I can't keep doing this anymore.
They will let the world happen for a little while
and then they will shut it up again
all to release a little tension
she should quit pretending
the only person who believes that she can do it is herself
when there is nowhere to run
where
you need to run in place
I can't play this role anymore
you're giving me no dialogue
and I can't identify with these feelings
all to blow off a little steam
you have to learn to lean against a wall
you have to learn to let it go
Give me a new body
somebody's body
And what would you do with it?
Who are you: my conscience?
I am you who
through
you
you do you
your body to you

more to me
HOW CAN THEY DO THIS
get so many people to do this with them
so many bodies
wanting to be somebodies with them
there is something that I never told you
something that I was afraid to tell you
I AM
one of those somebodies
somebody nobodies
unlike you
I do not want it to be different
LEAVE ME ALONE
I like how I am
I like what I eat
I like my friends
I can't change
now that they have found me
it is going to turn into a chase
you keep running
and running
and running
then you are dead ended
into a dead end
this is where you have to face yourself
WHAT?
ON HIGH
OR DOWN BELOW
this is so dramatic
run run run some more
I am looking so good
running
you got what you want
now you have to live together
with other somebodies
who sometimes seem like nobodies
bodies not you
THANKS, BOSS!
do they
even know
that we are
together
run after the runner
who change the order of things
it's as if we were never together

I was never a somebody
I am screaming everywhere
crying everywhere
I can't keep doing this
you see them everywhere
somebody nobodies who want to be
somebody
approach one of them
ask him to help you
then things went overboard
we did something
something absurd
but I can't keep doing this
maybe I'll look you up
I can up look you
and down look you
but can you fake that look
shows face
face shows
you seem nice
maybe I'll give you something
are you a touch
or a take
take it
or touch it
take it without touching it
time to take out the trash
that is tomorrow
I caught you
trying to be someone else
trying to be with someone else
trying to be a somebody nobody
she has a trick
she has a fake picture
she has no tomorrows
only today
I need you to come out of your cage
are you all here
I'm coming over
where did you get that dress
you are really a knock out in that dress
you're knocking me over
again and again
over and over
knocking me over

I WISH

someone would say that about me

they just did

is that all that it takes

to be taken in

by a take in

take or touch

I can't keep doing this

I want a touch for now

this now is all my now

all my ever

are you ever over

take over me

knock me out

you are

I can't me

I feel woozy

I need to sleep more

swoop more

we could combine stuff

move in together

knock me over

what can you say

come over

she is not moving

she is not saying a thing

like a doll

I wish that someone would say that to me.

Come on over.

Stay still

join up

I want to play

play along

who are you

are you the late arrival

oops!

What happened to the show

you just shut it down

you said that you had something to show me

a peep show

and then you shut it down

DO YOU REALLY WANT TO SEE ME

ALL OF ME

do you like what you see

honestly

I can't keep doing this anymore
I'm with someone
with some nobody
and you are some somebody
and I want to be with you
I'd like to be with you
do you think that I could be your somebody for now

WALK AWAY

I will
I can't keep doing this anymore
I can't
I can't hear anymore
hearings
I can't keep doing this
you have it all
I will
walk away
run away
touch away
just touch me away
touch me until I remember none of this
I know that you are shivering
let's go upstairs
to the hot room
to the flesh room
I need frequent kissing
long enough
I need

LONG ENOUGH

to remember
I don't want to be that guy
who feeds you
breakfast in bed
and then pulls the sheets out
and sends it all on the floor
it was supposed to be a magic trick
you promised that you would take me away from everything that I hate by giving me everything
that I want from some nobody to some somebody
I have a secret
I am somebody
I am a secret somebody
even though I look all the nobody
I can't go back to who I used to be
words used to be
all it takes is a little push

I used to be somebody
but I fell from grace
I fell from the stars
I am falling from the sky
I had a star
look at my star
nobody can look
you have to be a somebody to look
one little slip
and I slip
I am a secret nobody
who does silly things to feel like a somebody
a little scandal
I am slipping on a star
I need to look
look at somebody
who will remain my nobody
let's have breakfast
I need to get back to my life
some life
you don't even know
what I have
somebody is taking my place
and I have to get back to being that somebody for them
DO YOU KNOW THAT THIS IS
praise it
it give you all the body
that nobody else would
I am falling for you
or falling before I get to you
you are getting to me
not in a good way
I need you to be a nobody for me
buried in the sand
the past
so you a somebody
are now a nobody
until
you find a new somebody
I got you
I got you tricked
I try to forget you
you are now my somebody
the doors are all locked
I had a key

and I changed the locks
simple answers
I had a key
open all the doors
there is no security
I could take everything
there is really nothing to take
nobody would just say let it be
let it be
walk on me
I don't know you
some nobody
this is simple
you are treating me as if I'm a nobody
you don't even touch me like you used to
I need to get out
walk out
you are making me feel like nothing
nothing nothing nothing
who do you think that you are
this is simple
there is the door
walk out
I have a life
I have a family
I don't need you
I don't need any of this
how late is it to really need someone
going around the sun with you
I like how I am
how I want to stay how I am
I might like you if you weren't so fast with everything but you just say
let's go upstairs
I have been playing with the noodles
what do you mean
playing with my food
I have been playing with your food
if he finds out about this he is going to do something to you
he is already doing something to me
that isn't what I mean
he makes me feel like a nobody
he is going to make you feel like nothing
no one can make me feel like something that I am not
not anymore
I slipped

there are so many ways to slip
to stop being a machine
to stop being part of the machine
where did you buy
all that stuff
in a store
back the other way
you let him put your nobody in your somebody
you need to stop doing that
or he will be mad
I don't care
I can't live for him anymore
I have give you
too much already
you lost a lot of
the good stuff
where did it all go
I am coming in for another day
and another night
how did you fall
I slipped on a bad patch
going through
ever since he left me
I just need somebody
he is following me
I missed you
he found me with somebody
somebody?
He was some nobody.
But he found out.
Found out what
that he was nothing
I have one too
he found out nothing
he found out nobody
he found out that he was nothing
he is going to lose it
he is going to cry
there is something that I need to end
it's not that easy
you are asking me to walk away from my life
and I can't
I can't just walk away
you don't understand anything
he's a nice guy

but he will never understand
me
he wants to put in a house
he wants to put me in a box
he wants to give me a house
I have a history with somebody.
What do you have?
A can of sardines
something to have on crackers
do you have something for me
a big kiss
I can't keep doing this anymore!
I hate you! I hate you! I hate you!
Do you really mean that?
What do you do for a living? Can you stop doing it?
Can you make me go away for a while.
I am always on vacation.
He is my lover guy.
Who is he?
What does he do for a living?
You can't stop yourself.
I'll do what you want for anyone.
You tried to break it off.
All I want is my share.
Don't worry
it helps me do things
a big kiss
why can't you stop me
if you can't stop yourself
do you like sneaking around on someone
would you like someone to sneak around with
some nobody that I can make into a somebody
but when the time comes I can tell him
I can't keep doing this anymore
the words are great
but I want to touch
one day he woke up
and said
I don't even feel like myself
I just walked out
I took the keys and just walked out
hit a wall and just walked out
this is your thing
you just walked out on me
what time is it

I can 't see the clock
if I move
I will end up being outside of myself
this is your house
so why can't I use my keys
