

## HE WAS ALL DONE IN THREE MINUTES

That gave me time to get to  
my uptown appointment

**THE  
AIRPLANE  
CRASHED** into  
one of the homes near the  
runway.

**HE  
FOLLOWED  
THE  
DELIVERY  
DRIVER**

HE beat her and robbed her  
“What do you want me to  
do now?”

She persuaded the three to  
kill her husband  
walked in on them while  
they were having sex  
don't touch the dog  
stuffed him in the trunk  
running the policy from his  
office  
He didn't want anyone to  
know

once they cross a threshold  
of **immorality**

**just talk to them and ...**

**A GIRL WAS MISSING.**

–She hasn't been seen in  
days.

–She probably left town.

She disappeared in the  
woods. How are you  
helping this along?

**THE  
PHYSICAL  
RISKS**

–I did some stupid things.  
Things that I regret.

She's still missing.

We need to loosen her up.  
In his trunk they found a  
police scanner and a red  
police light.

–I just wanted to help.

The threat  
sweet

–I never told him to do  
anything.

He contradicted what had  
been reported by the  
previous witness.

–I can't move.

–Just be quiet. We'll get  
you out of this.

They wanted the car.  
That's why they stopped  
her.

She's still missing.

## FIRE

HE jumped from the 11<sup>th</sup>  
floor. The flames were  
getting too close

**THE INVASION**  
has started.

They put down the  
rebellion. They won't let  
them put down the  
rebellion. They aided the  
forces of rebellion.

There was a demonstration  
in Berlin today/ (things are  
changing).

**A tornado rolls  
through  
Alabama!**

He entered the house.

He had seen her

We have seen her

The stillness of the smile!

Can't bring to life!

The pout of the lips!

Can't bring to life!

–She is still missing.

–I know her story.

The motive

**They made it.**

go around  
the final phase  
the victory

**SHE IS ALIVE!**

Just keep her alive. Give  
the impression that she is  
alive.

did you see her picture  
the pout  
bring her back to life  
crossing the street  
drove too fast  
right at them  
they ducked

put on a ski mask and  
followed  
he likes them  
but he didn't know  
them

simple mistake  
that we had nothing to do  
with

of insurance policies

**A CALL FOR  
MORE  
PROTECTION**

we need safety

**YOU WROTE  
THE LETTERS  
TO YOURSELF  
THE THREATS**

picked them up from the  
bars

lured them to hotels  
where he would tie  
them up and rob them

**THE COMPANY WAS  
BEHIND THE  
SURVEILLANCE** and  
may have been involved in  
the killing

He was hiding under a bed  
cruised the bar  
I recognized him

They were watching the  
room. He was chased  
down. He had to wait.

I need a loan  
we can take care of it

**A FALL IN THE  
TOKYO MARKET**

“It's not going to happen.”

in the trial  
at risk for condemnation  
his political career appears

bonus  
inspiration in the  
opposition  
they made a deal  
She is still missing.  
Just keep her alive. Give  
the impression that she is  
alive.

- Just give the impression that she is alive!
- That is a story in itself.
