

## I HOPE YOU'RE HAPPY NOW

keep doing this  
it feels so good  
is that all that it took to change your mind  
don't think that nobody sees  
turn up the volume  
it's already too loud  
I don't care  
I have to hear for now  
then we can turn it down  
I feels as if something has changed. You're sounding different. You're acting different.  
Tell me what you're looking for. Maybe I can help you.  
A shirt.  
Are you following me?  
No, just ending up in the same place that you are.  
Open the door, and walk through.  
You are in a new city.  
The two of you could be meant for each other.  
I love getting into other people's heads.  
What is that supposed to mean?  
Where were you?  
I feel so happy!  
Is it because of him?  
This movie is really silly.  
No, it's real.  
You've got to give me some space.  
I wanted to surprise you.  
That's why they call it surprising. I hope you're happy now.  
I'm not going to enjoy this.  
You're not saying everything that you feel.  
I can't do this anymore.  
Do this? What this?  
The love  
or the unlove?  
All of it.  
I can't pretend.  
Quiet!  
This is the good part.  
I'm no longer  
in the mood.  
to prevent the inevitable  
again and again  
you create the undeniable  
coming towards you one step at a time

you fall to your knees  
no time to give up  
or to praise  
If I get too far out  
I can make it back.  
I haven't lost my way  
yet.  
What would you do  
if you realized  
that it was you who wreaking havoc  
with everyone else's life.  
Just smile and pretend that  
you understand what I am saying to you.  
I do that all the time.  
No, I really mean it. Give them one of those faces.  
Why don't you just say things in a simple way?  
I do. I just don't say the right things at the right times.  
This is impossible. She has a heart of gold.  
I don't think that we're talking about the same person.  
Can I help you?  
You can do whatever you like.  
WHAT HAPPENED TO YOU?  
Did you lose your voice? You have nothing more to say.  
HEY!  
I know you.  
What are you doing there?  
Tell me what are you up to.  
I have my eyes on you.  
SO WHAT?  
WHAT  
I'll tell you what!  
Put all the stories in a hat,  
and start pulling them out one by one.  
Is this a game?  
We could make it into one.  
WE  
WE could stop it from happening  
MAKE IT HAPPEN AGAIN AND AGAIN  
I like to shake things up.  
You need to be silenced!  
What are you afraid of?  
That I am going to show you  
WHO YOU ARE!  
How are you going to stop it?  
You can't stop me.

You can stop me,  
but there are load of others out there  
who think like me  
and they are ready to all act on a moment's notice.

THE ORDER

popcorn and a soda  
buy now!

I need to get out of this place!

It's not the place. The feelings will follow you.

Then I need to quit doing this.

You'll end up doing something pretty much just like this  
the same

all the same

and then where are you going to go

FOR HELP!

QUIT TALKING!

"This is the really good part of the movie."

If you know what I mean,

then you

will

listen

to the very good part.

I want to be happy.

She's either helping you

or she's helping them!

What movie is this?

An extreme fantasy.

I am eternal!

I am invincible!

Go to sleep. We'll talk about it in the morning.

I need some money for a snack.

Do you want to watch the story

or be part of it.

People come up to me no matter what!

You are good.

I try to be.

No one even suspected.

I'm sure that you did.

You fool me every time.

I think that you want to be fooled.

I want to know what you look like when you're not hiding behind all those masks and machinery.

I look like everyone else that you know.

Why are you trying to be so coy?

Are you trying to entrap me.

I'm not sure what you are doing.

You're someone who's afraid of being wrong.  
I mean really wrong.  
What have I done?  
You can't save yourself. How are you going to save me?  
This time, I am going to make it perfect. I've ordered the wine.  
I'm not drinking. I need a clear head.  
We've just met  
but I feel that I've known you all my life.  
I did it  
so it's up to me  
to undo it  
with a SPARK!  
You only have so many chances  
to make things happen  
the way that you like.  
You were so silly. You gave yourself away. And now you've got caught.  
Is this about me or the movie?  
It's all connected!  
Is it now?  
You did you job. You did what was expected of you. Now you can go home.  
She knows.  
It's not as if she can do anything to change. She's in a loop.  
You've got the wrong guy. You do it every time.  
Where is the right guy?  
In the other car. You walked right by him.  
You can't make me do anything that I wouldn't have done on my own anyway.  
Thanks  
for giving me a second chances.  
There are no second chances,  
just chances to do the same thing again.  
I have money for the ride.  
Is something wrong?  
I don't feel as if I belong here.  
I feel like that all the time.  
I feel as if I'm pulling teeth.  
This is all that I have left.  
What do you need?  
Enough to get myself in.  
What about me?  
I'll tell you about it.  
Where did you abscond to?  
Huh?  
Make it simple. Make me not a part of it. Be nice!  
If he could do it,  
why can't you?

How much do you want?  
This one is free. Just shut up about it. Otherwise, I take it away from you.  
How will you do that?  
I'll tell them at the door not to let you in.  
This is a free country.  
I'll tell them that you are trying to hurt me.  
"She is trying to hurt me."  
Do you think anyone is going to believe you?  
This is a bittersweet tale.  
Things given, and things given back.  
I was stumbling around.  
Now, look at me!  
I am so happy?  
Why the change?  
Did you get caught? Where was the escape hatch?  
There was so much that I wanted to tell you. I am at a loss for words.  
Keep trying if you want to get him back.  
His signal is too faint. He's gone for good. Out there!  
What do you remember?  
Your body is a little messed up. But your mind is intact. There is a world where you can start  
anew. Pretend that none of this ever happened. Keep the knowledge but not the pain.  
How do I do that?  
Do everything that I tell you.  
TAKE CARE OF HIM  
what did you do  
I don't know  
I wasn't even around  
I was just trying to get happy  
You think you know  
but you don't know  
that you know  
that you don't know!  
BANG!  
That hurt!  
Knowledge  
hurts.  
Is that why you are so mean?  
So man!  
I think you better go.  
I thought that this was going to be a great night.  
And now you have to go.  
GO!  
How many do you need?  
Do you need help with this?  
This can't be helped.

Aren't you forgetting something?  
Happiness!  
What did we just do?  
Nothing that we didn't want to do.  
Why can't we talk about it?  
As if talking about it will make it so. A plan for biology. Starting from scratch. Heat in the dirt.  
Mixing up the mess and coming out with something remarkable.  
Pass me a scalpel. I am only returning things to normal.  
Are you promising things that you can't deliver?  
Are you promising miracles?  
Bringing ideas to life. Breathing life into stone.  
Sculpting the world in your image.  
If I see it, I like it. I do something about it. Throwing myself into the world.  
Throwing myself into my work.  
You went too far. And now you've run out of words.  
Sometimes  
I just do whatever comes into my head. No big deal. No harm. No foul. I can figure it out later.  
Let me get something to eat while the naked bodies are rolling around on the screen. I'll come  
back when the action picks up.  
Mayonnaise on my sandwich.  
Here. Have a bite. It makes everything seem more exciting.  
For a while, I was wondering if I was really part of the world. Now I wonder  
if I can ever get out of it.  
I can't give that much of myself to you. To anyone.  
I'm not going to try anymore.  
How many do you need?  
Sandwiches?  
Our food orders used to be all organized. Part of an organized life. Now it all seems haphazard.  
Everything is slipping from my hands  
and falling on the floor.  
Are you kidding?  
NO!  
I really thought that you'd be more adult about this.  
Are you a caring person?  
You said it!  
Shut yourself up!  
I didn't know that I could offend you.  
We're only exchanging recipes. Not enough to get upset about it.  
I'm not even thinking about it.  
It was just fun!  
That was all.  
What are you trying to tell me? Say it! Say it out loud!  
I did it to piss you off.  
Really?  
Not at all. Is that what you want to hear? I thought nothing of it.

It was nothing to think about. Nothing worthy noting. It's as if it really didn't happen to me.  
Did it happen to you?  
Not really.  
It didn't.  
It was the bad food.  
What are you saying?  
I think that something is wrong with me. Down deep.  
What have I done?  
Nothing that you need to feel sorry about  
if that is what sorry is about.  
Months ago.  
I gave you quite a bit.  
Who ate my porridge?  
I did all this for you. You don't appreciate a thing.  
I can't help you.  
In a while, it will all be too late. And none of this will have mattered.  
What is that supposed to mean?  
Take it for what it is. Say it aloud.  
Are you trying to tell me something?  
Are you trying to tell me something?  
I remember stopping by that house for a little while. And then the one next to it. I can't going  
back and keep doing this.  
Tell me what you want.  
You have to figure it out on your own. You can't just do this because I told you to.  
I feel as if I am losing my way.  
Eat something. Eat more than something. Eat until you're full.  
What's the secret here?  
It's not food. I just want to be happy.  
I have no idea where I am.  
You're on a bus.  
And where is the bus going?  
Ask the driver.  
To a house that you've visited before.  
I know that I am sick.  
Lie down. It will pass.  
I feel very nervous.  
Nothing is happening. I need to go.  
Nothing is happening because you are saying nothing.  
I have nothing to say. I did some things. I said some things. And that's that. I just have to go.  
I could do what you're doing.  
You are doing what I'm doing. But not as well.  
Who are you to say?  
I'm better with maps. There is a big map here. A star map. Stars and crimes. It all connects.  
You have to know which way it goes. I am having so much fun here.  
I don't know enough to say what needs to be said.

You can just leave now. You are no longer making me happy.  
Let me get some lunch.  
Not now. Come back in an hour.  
Do you listen to yourself?  
That is all that I do.  
Let's just say that I have my reasons.  
I am doing what I need to do. You  
can't do anything about it.  
Look in the mirror.  
That is all that  
I do.  
Silent looking.  
I shouldn't have said anything.  
You said too much already.  
You have a way of making a mountain out of a molehill.  
I need to eat.  
I need  
not to eat.  
I need new rules.  
Pass me the cheese. Pass me the knife.  
This is getting to be too much.  
I want you to fix me up. Then I need to leave.  
Are you laughing or crying?  
Whatever you are doing, shut your mouth!  
Answer the damn phone. I can't stand the ringing.  
It's nothing.  
If it's nothing, then it's nothing over and over again.  
Are you happy?  
I am trying to be.  
I don't think that there is anything that I can do to help you.  
You could get me lunch.  
And you could get me lunch.  
Let's meet in the middle.  
Happiness.  
I am not going to make two lunches. I can barely make one.  
Calm down. I'll take care of it.  
I don't need you feeding me again.  
I never thought that it would come to this.  
This could be done in a way that doesn't end up destroying us.  
You could use a machine.  
I can't even concentrate.  
What are you doing for the summer?  
You've been watching and not doing anything about it.  
What am I supposed to do?  
Everyone wake up. There's a lot of work to get done.

I am out of this one!  
So why did you come back.  
To answer some questions.  
Where do we start?  
With smart questions.  
Like what?  
Let me ask the questions.  
Do you want me to give the answers?  
I don't think that you can.  
This is getting so twisted.  
Spread some cheese on your pasta, and relax.  
My mind is spinning  
and the world is spinning around my mind.  
I can't relax.  
We're not going to finish this for a while.  
Then it will be all over.  
I can't sit still.  
Think about something happy.  
I can't take my eyes off her.  
That is what they all say.  
Quit making excuses.  
I am out of money.  
Print some!  
You can't own me even though you wish that you could.  
Something isn't right.  
I don't even want to  
think about it.  
Quit biting your nails.  
I haven't been biting them. I've just been digging in stone.  
Digging in  
in stone  
It is too soft to make a stand.  
This is what I do best.  
Nails and a scarf.  
I have some big news!  
My job doesn't allow me to say  
what I truly feel.  
I didn't think that things like that still existed.  
That is all that there is. Happiness comes at a price.  
Like a Siamese cat.  
Put this on!  
What is it? It looks like a mask.  
I need you to pretend, just for a little while, that you are someone else. Then I will find you out,  
and everything will be back to normal.  
Huh!

You will be able to take off the mask.  
I don't want to wear the mask.  
The mask is lovely!  
This is a bad way to start things.  
This is going up on the big board.  
Why did I bring you here?  
You tell me. I hate mysteries.  
You can control the world.  
I rule my little square.  
Fortunately, it isn't growing.  
I gave you your big break. What did you get for me?  
I brought you high tide.  
Ouch!  
Is this a fair exchange?  
Does this look good on stage?  
I've got pictures.  
Perform well!  
Snoopy, snoopy, going a snooping.  
He's lying to you!  
Make your heart race!  
Thanks for being super.  
You need to be scared.  
You know  
you look like that an actor guy.  
You go help him.  
Get the mustard for your wiener.  
He's in it for the humor.  
I'm the boss  
and he cleans up.  
Good bop, bad hop.  
I know when to clean up  
and when to take charge.  
Are we going to end up at the same place?  
Is he safe?  
Better safe than sorry.  
Better happy than sad.  
I remember you from the bookstore.  
Do you read too?  
Do you know what kind of guy he is?  
I hear that he is a happy guy.  
What are you trying to forget?  
A bad night.  
You don't remember.  
The problem is that I do.  
He worked on me. He worked me over

and then he made me over again.

He's so smooth.

Smooth makes me afraid.

Happy makes me scared!
