

## **I'D NEVER DO SOMETHING LIKE THAT**

You have a way of escaping from the worst messes.

Where were you?

Do you feel bad about something?

We've already been through that.

I'm sure that she was going to say something.

She was.

When you're this far gone,

how are you going to make it back

not to

long gone

but

just to

**STILL HERE!**

Who is really going to say

I'm so bored!

I'm so bored.

This is the longest that we've been able to hold it. To hang out.

Is there something that you want me to say so that I can make it all make sense.

**READ THE SCRIPT!**

This movie was so silly. I'm not going to relive it.

Just relive part of it.

What did we leave behind?

Nothing that was worth taking with us.

You say

give me words.

I give you words.

You ask for more words.

Now there are

**TOO MANY WORDS.**

**TOPS OFF WITH WORDS**

hello

won't do a thing here

where you going

we haven't even had a chance to talk

What kind of chance do you want?

Do you want me to take a chance?

I've never had a fried egg.

The oil is pretty hot. Is it ready to be whipped into shape?

You don't whip a fried egg. You just let it fall.

That's how I feel about pretty much everything.

The world is weighing me down.

I don't want to answer any questions.

I have too much to think about.

Tell me what to write down. I'll make sense of it later. I need to keep busy.  
Has someone been watching you?  
What? Do you know something?  
I've seen pictures.  
I am living in pictures.  
Breaking up moments on moments.  
Slowing it down to cut it into segments.  
Bundle them up. Keeping each one separate.  
Don't be afraid to tell me  
what  
you want!  
I have a secret  
that I've never told anyone.  
Those are the best kind.  
Do you want to take a place  
above my place?  
I haven't been honest with you.  
Really!  
You had your chance  
to reveal yourself.  
And you didn't say a thing. Do you know what that's going to mean?  
Doesn't he know that he shouldn't just stand in the middle of the road.? It's dangerous!  
I feel as if you're my ideal reader. Would you mind if I wrote you some letters?  
It's always been you  
reading away  
mouthing the words  
bringing the words to life  
like an action  
and a reaction  
a reverse.  
What does it take to help you to realize  
that none of this  
is going anywhere?  
Is this  
my body?  
Is this my body?  
I'll take a word. Name it for me. My new pet.  
Pet body.  
I'll take a pet.  
Do what you will!  
Sitting on a bee hive.  
Oops!  
Work your method.  
I can't speak. I have to concentrate.  
Don't leave the house.

There is only one location here.  
All the rest is imagination.  
If you are too afraid to explore, then just quit now.  
A quitter.  
Did you hear that? Everywhere around!  
I'll have the cherry tart.  
Or the mint drop.  
Some way to taste your way to greatness.  
Let's just say that the journey won't be boring.  
Get more to the point.  
The points are sharp and hurt. We are trying to go around the point.  
Getting to the dull!  
But not losing ourselves in the boring. Smooth sailing and all that drivel.  
There is only one point here, one location, one you.  
It's always been you.  
I am trying to make sense of that if there is a that to make sense of.  
He's going to use a pin on me.  
He's going to use a needle.  
He's going to use a knife.  
He's going to use an idea.  
We are trapped in here.  
Go back!  
Reverse the order.  
I can't. I'm all tangled up. Tangled in my tangle.  
Was it worth it?  
It was!  
I'm just trying to figure out the ingredients.  
Sugar and spice!  
Beyond that!  
I don't want to go.  
You are not going.  
For today,  
you are not going!  
This is not good for figuring.  
How much do you want?  
Do you need?  
Are you going to pocket that?  
I brought a snack for the rough times ahead.  
One never knows. You need water as well. Seal your fate.  
You are going to have to say  
NO  
to everyone!  
NO! NO! NO! NO! NO! NO! NO! NO! NO! NO!  
YES!  
You cheated!

Am I fixing you  
or taking you apart?  
Recommendations.  
Medicine with dinner.  
And disorder with lunch.  
Everyone has had sad moments like that.  
I need it to be a little more outrageous.  
You asked me aboard, and now you want me to leave!  
There are rules that you have to follow.  
I'm not good with obeying rules.  
Is that all that it takes to pick a winner? So why do you never seem to be winning?  
You'll never get caught if you don't tell anyone what you're up against.  
What are you up to?  
The top!  
They are looking for something to do.  
I need you to follow him for me and figure out what he's really doing.  
You are covering up everything  
and uncovering pretty much of nothing.  
I hear a buzzing.  
Everyone shows up for the final act.  
Your kisses taste like honey buns.  
Is there a pattern here?  
Loads of them. They all interfere. Really nothing that I can do.  
I want you to leave. And I want the world for myself.  
He couldn't be saved.  
Maybe, he likes it damned.  
You make a couple of silly mistakes, they mount up, and look what happens to your life.  
Cut up in parts  
and shine up each  
jewels  
the hard cut  
chew on the ice.  
Is there anywhere that I can be safe?  
Hide underneath the covers.  
Not an inside job.  
Inside the inside,  
in the head  
where it heads in and out  
the intersects  
you could be the perfect we  
the perfect me  
at this moment  
what are you holding  
mind if we search your  
purse

search your person  
this is really getting going  
going to a where  
the only where on you  
where you hide  
the hiding  
do you have what it takes  
to search your person  
on purpose  
on a person  
you could hide  
your intentions  
not in a thing  
just in a moment  
or a motion  
we dress alike  
you can be my double  
my double alike  
I am splitting into many  
blub blub blub  
they'll get someone to do more for less  
two for the price of one  
double words  
let the machine write it  
it will sense more make  
wash your face and come back in a better state  
I'd rather pretend  
I hope that you don't mind:  
I went through your purse.  
I was trying to find out who you were.  
You could have asked.  
You would have told me. Do you even know?  
Who knows now?  
What name are you going under?  
You say things have changed,  
but I know  
that nothing has changed.  
Are you alone?  
What?  
I heard you talking to someone.  
You rescued me. Now what are you going to do with me. Are you just going to let me walk out  
the door?  
I really can't make you any promises. Words always have a way of turning against me!  
Who gave you the treats?  
My boss.

My lover.  
Someone who wanted me to do him a favor.  
What made you turn up all of a sudden.  
It's not really sudden the way that I see it.  
You could make me believe you before. But not really anymore.  
Someone's been pricking you.  
Who's trying to save you?  
This is not about you. Not about me.  
We are learning to follow the stars. They predict better the coming together and the falling apart.  
The filling together and the filling apart.  
I am empty now.  
How good would it taste if it  
hadn't have melted.  
Now you tell me that you have problems..  
We've been through this before.  
Everyone's rooting for you.  
I just need to make it through the night.  
Then I'll be fantastic.  
Just act like you own the world.  
You can change your life tonight. Pop on a cool dress, and hit the streets.  
I feel as if I'm putting my bod on the black market!  
Can no one help her?  
It can't be that bad. You just slipped into someone else's life. You head to the fun house, and  
you can escape from the bonds that hold you.  
I feel better now,  
but it doesn't change a thing about my life.  
Don't bite my head off!  
They call this love.  
A rock  
rock rock rock around  
hard rock  
this is how love gets  
harder  
like a diamond  
rock hard  
cutting through  
After you get him to chase away the dragons, you realize that they were essential for your  
dreamscape. You should have never believed what was on TV.  
I could use a ride.  
Their lips move, and then the words come out. We have just enough time  
to change the meaning.  
This couldn't be any worse.  
Sure it could. Someone could tell us that she is enjoying it.  
Are you enjoying it?  
I will!

If you're going to get out of here,  
you do need a plan.  
You are a free man  
in search of a free woman!  
You are going to be tested.  
Chemically or intellectually?  
BOTH!  
This is your life in a nutshell.  
You can't break eggs without making some omelettes.  
I'll skip the eggs and go straight to the main course.  
I want you to succeed.  
Succeed at what?  
She's still alive!  
Of course she is. She makes the planets revolve.  
Classic.  
Then why is one planet out of orbit.  
Out of sight.  
She walks the earth like an angel.  
What does that mean?  
She just doesn't want to see you anymore.  
LOYALTY!  
You know what that means!  
I am going to have to report you to the authorities.  
What are  
the authorities?  
And what are you going to report.  
I don't need you anymore.  
I moved on. Do you like my new house by the ocean?  
What is the name of this  
movie?  
I saw it on airplane.  
She got this jerk to take your place.  
I'll just take my place back.  
It don't work like that. Once you're gone, he just makes you long gone.  
This is so bizarre.  
Watch it, eat your popcorn, and shut up.  
There are choices.  
What about choices  
that there are choices  
that there are choices.  
Is it free?  
PROMISE ME!  
Next time that you come  
bring me a menu.  
You deserve better!

I'll have the seafood platter.  
We can't deliver that. How about a pizza? Or sausages?  
Put everything back where you found it!  
I need a map.  
I'm not talking about the world.  
I've got to start somewhere!  
I feel this dull pain!  
Who collects the nickels?  
Bank what you can  
and spend the rest.  
It's either power or finesse.  
Or just bluffin'!  
I want to be human.  
I just need to keep up my guard.  
Why can't I open the door?  
There are going to be complications.  
They should have locked away the silverware.  
You were being tested.  
And you failed the test.  
I can't help it if I love silver.  
You did a bad thing,  
then you did a very bad thing.  
People were watching.  
Did I make a list?  
The naughty list.  
You're never going to catch me.  
That's not the point.  
You have to catch yourself.  
How do I do that?  
Step back  
and put your arms out.  
That is going to work!  
It better!  
This is where we left off.  
I never works like that. You want to go back to the beginning  
or just jump to the end.  
And I am not about jumping anymore. I want to get there by my own volition.  
Whatever that might mean.  
Hold on. We are almost there.  
There is no there to get there.  
You are hopeless.  
Here comes the punchline!  
Is it going to hurt?  
Only if you try to take it tight.  
What does that mean?

Quit carrying on with the lie. No one believes it except you.  
I was just starting to catch on!  
I knew that the floor was going to give out from under him.  
Where is the ring?  
If I knew, I'd tell you. But I don't even know!  
All my plans are out the window!  
I made you an offer. I just can't follow through!  
We all make mistakes!  
Is that all that is? Don't you even plan your mistakes?  
They are nice guys!  
And I'm nice girl.  
What are you saying?  
It's my world.  
Only if they make reparations. You ruin everything!  
That was so mean!  
I didn't mean to be mean.  
It's all over.  
I had reservations  
about what I did.  
One night, or two.  
Six days  
and seven nights.  
Who put me in this place?  
I am never getting out!  
It's a piece of cake.  
You are the only one who I knew would come for me. You are the only one who would take care  
of me.  
Now you owe me a favor.  
Don't do something that you wouldn't want to do!  
I tried. You were just waiting for me to mess up.  
I'm not that vindictive.  
It comes out that way anyway.  
What are we saying?  
You can't unmelt ice cream.  
You can eat it before it melts.  
Not if you lose power.  
I threw him out on the street. He's not coming back here.  
I wanted to be a savior. But I got here too late.  
You could turn the air conditioning on.  
It's a little early for that.  
It's never too early to plan for the future.  
You're never going to make it in time.  
I've got a secret plan.  
You needed a secret before.  
Everyone is watching us!

Do we have to perform? Do a little dance.  
Make a little love.  
Everyone is watching!  
Don't watch!  
You're missing the opportunity of a lifetime!  
I've been missing my lifetime. This can't be all that great.  
He ran away!  
She never told you the truth. Never!  
What happened between you two?  
Nothing that we could put into words.  
I need words to understand. I wasn't there.  
You're not supposed to understand.  
There's a moral to this story:  
don't pretend to be something that you're not.  
I pretend to be something that I could never be.  
Everyone knows that it is just pretend  
except pretend people.  
I can't make out a single word. Is she showing off,  
or is she ashamed.  
We closed our eyes  
and it was all gone.  
LONG GONE!  
This is who made it this way.  
Quit winking at me.  
I'm blinking.  
I'm flashing on and off.  
HOT AND COLD!  
Do you want to  
get this going?  
The more the options  
the more there's a chance that something is going to mess up.  
Planning ahead.  
Taking the power move.  
Getting in our way.  
Is this all?  
Pretend that it  
it didn't happen  
I can pretend  
very well  
this is all  
all that I have been doing  
I need something to hold on to.  
Squeeze hard.  
Can you feel what I am feeling?  
Do you want me to?

I'm not sure.

Why are you being like that to me?

I don't know. I'm not sure. I don't think that I could do something like that.

Not without some help.
