

THREE BEARS

These kids are doing all these crazy things all the time
be careful
come closer, my cutie
Please, don't make me do this.
Does this make you feel powerful?
I am afraid to ask for what I really want.
Can't you show me more
now
are you happy
is that all that it takes you to feel happy
is it
whatever you do
don't break my heart
we are never going to catch up
don't worry
we won't have to keep doing this forever
you are one sick fucker
why are you doing this to me
you came into my place
and you stole my porridge
that's good for looking
I'll give you anything you want
sorry
my mistake
how much longer of this shit
at least forty-five minutes
little bear
what do you want
someone who I can love
who loves me too
IS THAT ALL
is there no way to stop him
don't do anything I wouldn't do
there is no escape
don't try to
escape
SAVE ME
what the fuck
I didn't ask for your help
not you
curiosity
killed the cat
your new lover

dressed as your old lover
dressed as you
I just need a wig
wig out
they are going to do things to me
I can't imagine
it's not like you didn't ask me
for this
I heard you in the restaurant
I took your order
you mocked me
don't think that I didn't hear you
you didn't do things to my food
did you
I can't leave yet
I need to know
do you see what he's doing
he's making us become just like him
don't try to be a hero
I don't want any trouble
just try to save yourself
the rest is a bonus
sometimes it was too hot
and sometimes it was too cold
and sometimes
sometimes
it was just
right
RIGHT
he's got a head start
get out of the house
get out of the car
now RUN
RUN RUN RUN
she went down as a fighter
he'll never let you go
don't ask this guy for any favors
this porridge is
just right
RIGHT
RUN
ON THREE
RUN
even your reaction only encourages him
there is nothing that you can do

to change his mind
NOTHING
don't ask him
please
I don't want anything bad to happen to anyone
anymore
I'm right here for you
loverboy
right here
what is this shit
STOP IT
you're scaring me
what was
is
no more
DON'T GO IN THERE
it's his place
I have nothing to worry about
it's not as if this is a horror movie
why are you doing this to me
is he still holding on
HE IS WAITING TO SHOW HIS FACE
don't look up in the
SKY
no one could have survived that fall
unless he was
superhuman
what was he
but what he was
and that was that
someone's been sleeping in my bed
did he survive the fall
I tossed him out
three bears too many
too many to bear
would he even want to walk away from a spill that nasty
it takes away the very thing that makes you what you are
a man
what you are
was
and will be
IS IT OVER
it is over
how did he get away from that one
back to the porridge

ALL THIS SHIT IS OVER

we're packing up
we were ready to go
but it really is too late
none of this will make any difference
like it never did
and never will
what about the bears is
TELL THE BEARS TO GO HOME
they feel that they are in their home
it was only part of the skit
the skit has been cancelled
tell the bears to get in the bus and take off
they feel as if they have finally found a home
that is safe and secure
they no longer have to deal with the other ornery bears
it is their time in the sun
this is taking forever

YOU

YOU

are making a bigger deal about words than words
you are making a bigger deal about the
IMAGINATION
can you imagine that
let's be honest
I thought that this was all complete
the bears had their credentials
they were living happily in a comfortable home
and then you pulled the plug on the whole deal
what has got into you
there was no happiness
that was a sham
they were following a script
go local
poor bears
no one can help the poor bears
let them stay in the house at least
if you're not going to give them work
the least that you could do
is let them stay in the damn house
BLAME GOLDILOCKS
someone else has been in this house
before her
an intruder

that is not to say that she didn't intrude
but the story did give her licence
why are you doing this to me
you are in my house
MY
HOUSE
where it begins and ends
when will this all fall away
I AM SO FAR OUT NOW
there is no way to make it back
there is a bus
it's not going to stop here
where do you want to go
are you offering me a ride
I'm offering whatever you need to get where you want to go
your mind is not on the job
what are you thinking
this is not the time
I just have to keep doing what I have to do
if you're going to play
then get your mind on the game
this is unbelievable
you've got to say something
QUIT TRYING TO THROW THE GAME
what about the bears
forget the bears for now
get in the house
get what you're after
and then get out of there
you've got to get a little done at a time
it's not a disease
it's more like a power
but they're bears
big bears
but one of them is little bear
little for a bear
that could be big as far as I'm concerned
get in and out
and don't look around
get your damn porridge
it's going to hurt you when you find out
but no one wants to find there are bears in the house
IN THE HOUSE
you think everything is about you
this isn't even about you

it's about the house
what about the house
it's no longer your
house

TAKE THE WARNING

walk out of the house when you have the chance
it's not what it looks like
I want to know what it feels like
you're getting shaken up
back and forth

do you know what this is all about
it's about the house

THE WARNING

open the door
and run

RUN

whatever you do
do

LET THE BEARS GO

are you talking to me
are you looking for a little fun and action
is that all that it takes
tell me that you're free
take what you need for now

I CAN BE WHAT YOU WANT ME TO BE

I am hungry
get me a slice too
what are you doing
are you feeling lonely
get me a snack

I just want you to figure this out on your own
I'd love to help you, Goldilocks
but I have one piece of advice for you
don't feed the bears

DON'T FEED THE BEARS

I need to get out of here
you can pet the pets
but I am on my way out
you have nice fur

LET ME PUT IT TO YOU IN ANOTHER WAY

anything that you see
anything that you see me give to someone else
I can give to you
if you can give me what they give me
what is that supposed to mean

give it all to me like they do
don't hold back
you're a real bear with your emotions
you have to learn to let it flow
flow on down
let me put it in another way
I am sick and tired of your
OTHER WAYS
if you have something to say to me
say it
something to show me
show it
I WANT TO SEE IT
RUN
HE'S A BEAR
is that all
I came to the house
the house of the THREE BEARS
go fix yourself
you just want the things that you want from me
you're good
you're an artist
I fell hook, line, and sinker
I WILL KEEP MY MOUTH SHUT!
Watch her
she's got a knife in her hand
I'm only cutting tomatoes
potatoes
and celery
I will eat what you give me
I have been to all the places in the movie
but damn if my life feels like a movie
if you're really on my side here
you will swallow
act as if nothing happened
swallow your pride
and sneak out of here quietly
that way
there will be no
growling
I'm not complaining
but if you call this a treat
I'm calling you a cheat
I AM ON THE GO
I can't deal with small potatoes

if you're going to follow me
you could wear a
DISGUISE
or just hide in the bushes a little longer
like a little bear
ready to strike
is that how bears do it
it doesn't matter what bears do
this is about you
what you are hiding
stand by the window
in full view
and I can take some awesome picture
this is not about me and you
I don't like being played with
where is this coming from
the bears
it's not really a cuddly story
maybe Goldilocks was vicious in her own way
she was trying to destroy their habitat
you're a hell of an example for the rest of the world
do you know where around here I can get a good meal
I think I have done something really stupid
don't think about it
don't think
get the fucking porridge
and get the hell out of there
don't piss the animals off
I don't want to see you hanging here anymore
you know how to piss someone off
what kind of guy are you
trying to scare me out of my own place
quit bringing pests into my place
when I come back
I will bring the BEARS
WELL
I will bring GOLDBLOCKS
and the police
with her tale of woe
how a few animals
gave her the fright of her life
why are you watching this shit
it is turning you into
one sick motherfucker
I am just trying to domesticate a few bears

growling bears
how do you know about all these things
are you a snoop
or snitch
a nosy Parker
a sniffin'
stiffin'
let me walk out while I can
I don't want you to leave
I don't want the bears to catch me
where's my breakfast
it's not the talking to yourself
it's the answering back
this is not going to work
we are hiding things
you have to hide things when you have little bears around
THAT HURTS
where did you hide the bacon
where die you hide the beans
where did you hide the honey
where did you hide the means
means and crackers
what's in the bag
something for the bears
you are so cute
Goldilocks
this isn't my place
I am way beyond places
I never wanted it to get this far
I was just looking for a place to rest my weary head
the better to see you with
no matter what I do
I can't help you
I wouldn't take this from anyone
especially from three bears and a girl named Goldilocks
but if anything like this ever happens again
you are going to hear about it
what is she doing to those bears
she's making them a deal for the house
as I would myself
you should quit while you're ahead
the story is almost over
what's in the bag
a snack for the bears
and a necklace for Goldilocks

all's well that ends well
we haven't even started
you shouldn't feed the bears
why
you feed them
and then they start to expect
MORE FOOD
I am paying them for a service
the bears
have been moved by a powerful feeling
they will no longer be your bears
they have gone out on a work action
equal pay for equal bears?
I'm not sure if you can pay the bears enough
I'm not sure of much else
I am here
I am getting better
have I been as good to you as I need to be
I only want to feel better
is it something that you ate
or something that you didn't eat
is that all that it takes
to express how you really feel
this is how far as we're going to go
I hope
that this feels clear
the bears are going to work for nothing less
what about you
do you feel that you have a cause
intruders have rights too
can you really say that
I just did
I have lost my rights to hang around
to say things will be better in the morning
things will be better in the morning
my dream is drying up
I am drying up
the porridge is drying up
you can't leave food out like that and expect it to keep
they just went for a short walk in the hopes that things might simmer down
they ended up heating up
an obstreperous visitor
things were broken
hearts were broken
tell the damn bears to get over it

it's their hearts
you have to give the bears their due
you have to give them their due

Are you looking out for their rights?
