

TURNING HEADS

He ran after her not me!
That is the beginning of a new story.
Can you have the script for me by Friday?
Short term gains.
This will make me feel great!
Is this all you care about?
I thought that we were catching up.
We have caught up!
You never did!
I never would!
Would you like to start over?
There is no starting!
I'm finished.
I'm not!
YOU
bring me alive.
WHO
is that?
BARK! BARK!
I tried to tell you.
I'm sorry that I
TURNED YOUR HEAD
AROUND
I was the one who made mistake.
I listened to you.
This is a hate-filled scene.
Someone's got to pay
and someone's going to pay.
I want to touch the wall.
THE LEARNER
THE TEACHER
now what?
Can you prove it?
What?
Belief, love...
Touch!
DRINK UP. THIS IS MEANT FOR YOU.
We're too close to know the difference.
I can hardly move.
You can't make me move!
No one is supposed to get
HURT!
Doesn't anyone know what is wrong?

Let me drive!
You are in no condition
to make conditions
to drive.
WOW!
Who is that?
Keep you eyes on the road. You just seem to be running into things.
WHIRR!
One more R!
Roar!
What did she take? Or take from?
She took the remedy.
A spoon full of sugar.
In one place, it is sweet,
and in another
it is more than that.
It should have been a lot worse.
Roll over, and go to sleep. Forget about it.
I have already!
Next time,
I will just turn my head.
Turn away.
She walked in the door,
and I didn't see a thing.
That is how we started over.
Your sweater
static electricity
The shit really hit the fan.
Someone is not walking away from this.
There is no us.
This isn't how I wanted things to end.
OH GOD! HELP ME!
You will be better
better than yourself
and someone will pay.
LOOK AT HER!
WOW!
I didn't finish it like this.
There is more to the story.
MORE LIKE WHAT
Do you like my body?
Who is she?
She is the devil.
Who are you?
Answer your phone for once. This is an emergency.

OH MY BABY!

At least, be honest to me for once.

Walk away while you can.

It's not my fault. It was just a joke.

There are too many loose ends to end the story just like this.

Who is she?

It's her story.

Where are the rest?

They are extras.

Did you have an extra

or can you be an extra?

She knew things about you

that you didn't want the world to know.

ASK AND YOU SHALL RECEIVE!

I fought him off!

This is a really bad time for the both of us. I wish that I could stop.

Live up to your word.

I have new words!

Someone has to tell the truth!

Looking at her is

like looking at a ghost.

Do you feel guilty about something?

I feel as if I saw a ghost.

I wish that we all could receive a wake up call like that.

Someone saw you

saw us

Someone is not going to tell.

I think I was behind the wheel.

You were just getting a little crazy.

I need to stop this. I need to admit everything that I did.

I have no idea why you're doing this to me.

It wasn't me.

Oh shit, it was

HER

SHE DID IT!

Chase her down

turn your head around!

WOW!

Do you think about me?

All the time that I can think about

you

all the thinking time about you

all the thoughts about time

about you

I guess that I am thinking about you

now
TURN YOUR HEAD
towards
or away from her
dating
time on time
what's got into him
he wanted too much
that he just took too much
I need to look in on him
Don't get him excited!
You are so busted!
"We need to talk!"
I need to look.
You do one thing really silly
you do another just to hide it.
RIDE LIKE THE WIND!
Be part of a machine.
It's in you to look.
But you don't have to say anything.
You stopped loving!
I'll do tit for tat.
Another quid pro quo deal/
I gave you the world; what do you have for me?
Anything that you can eat.
I want you
and you too
let me get the soft drinks
Are you blackmailing me?
You're bluff didn't work.
Someone's got to take the fall.
I know how to fall. It could be me.
You could be the fall girl.
Or the spring girl.
I've got him right here. What should I do with him?
Spring chickens.
I love all the chickens.
Do you believe me? I just can't do anything about it.
Someone put something in your food.
I got doused.
I thought that it was dosed.
I had rules
and you broke the rules
broke bread
broke the bone.

I've been waiting all my life for my reward.
Mommy wants you to go away.
Please don't say that.
Did you say that? How can I resist?
Did you see her?
How can you resist?
With words
with poetry resistance.
Are you trying to get rid of all my friends?
That will work!
I just need to sleep it off!
When were you going to tell me?
It shows on my face.
Try to hide that kind of secret.
Be careful. We don't want to all end up the same way.
Did you see her?
She is in great
SHAPE!
Did you see her?
Someone has to reach out and say
I like
I love
I love to like you.
I have something to say to you.
Let it go
let it all go with you
we can go together
She just walked past me.
Faster than time
Is that all that it took to admit what you had done?
We can be friends under frozen waters.
I think I can see my reflection in the ice.
You have no shame.
The waters wash me clean.
FASTER THAN ME
FASTER THAN TIME
turn your head right around
your life right around
right side up
I am floating in a pool of my own sorrows
swim on
swim faster
this is free for everyone
I think that I can reach you
before you can reach me

SWITCH!

It's so quiet that I can hear a pin drop.

We are all in this together. We have to promise that no one is going to say anything.

Where does this stuff happen?

We are all having maximum fun, and you are not allowed.

Not allowed how?

Like the man said,

like the fun said

don't take anything inside,

you are not allowed

to take anything inside.

I am object free inside

inside

pass through the detector.

You have been detected.

Did you do this by yourself.

I have been found out.

How long can you talk about looking without being seen looking?.

Let's just say that I'm in a good hiding place.

I don't need my head

to turn heads

what then

an idea

a turning of the head by the head

raisins

are dear to my heart

do you have a condition

nothing that a swift drink wouldn't cure

how swift

faster than a slow drip

are you taking me in as a patient?

More like a suspect

I did nothing wrong

just turned a few heads

I know the type

Are you still saving all that crap?

Open the box

and put the cereal in the bowl.

GROWL

I just don't feel that well.

I will see you after work.

Be sure to get some wine on the way home.

What are you thinking of?

Something domestic. A Cabernet Sauvignon.

NO STAINS!

I am a connoisseur!
I like the sparks.
Where there are sparks, there's fire.
I am thinking about a power plant.
What is it going to take to get you riled up.
A better understanding of how the world works.
Buddy boy!
Do it on your own.
You made me a star.
I'm going to sin
but not too much
I can make all the promises to you that you want
it's not as if I can really come through
It's really up to you to complete the process.
Was that you alarm clock?
Everything is going off on its own.
AROUND AND AROUND
it goes
she goes
I go
where he goes
I
am
he goes
I am forgetting.
It's getting hard
repeating things
I am only
repeating myself
here he goes
I am unable to complete sentences. Words run away from me. I can't get anything done.
If things seem
too far afield
they probably are afield
what am I going to do
turn your life around
It is just enough
trying to turn my head
around
is there parking in this lot
I am looking for a parking space.
Then I found a parking space in the middle of nowhere.
EAT YOUR RAISINS!
This is in the middle of nowhere.
You need some iron in you diet.

What is taking it all so long?
Have a raisin and don't worry about a thing.
I ate an apple.
I am keeping a list of what I have been eating.
None of this works.
There is nothing that I can do to turn back the hands of time.
To turn back the head that turned.
I MADE YOU LOOK.
NOUN: one who makes me look.
VERB: what gets me to look
do you have the feeling
what is wrong with you
aren't you going to pay
my neck is sore
YOUR PAIN WILL SET YOU FREE
is that the invite for more hurt
I am a winner
I am not going to fall down the hill
When you give me the money,
don't put my name on the envelope.
Doing the exact same thing that we are.
We are doing the exact same thing.
I am building from the ground up. I have to start with a deep hole.
I feel as if the hole is in my head.
There are empty spaces in the universe.
What is that supposed to mean?
There is space to turn
but not turn around
the reward will set you free
I have had too much of a reward.
Boys night out.
Why don't they just shut their traps?
The trap shuts when it catches something.
Like silliness
or stupidity...
I can't help it if my mind thinks one thing
and my mouth says another.
I need to
BREATHE
here, have a raisin.
Are you trying to bribe me?
No one gets hurt.
Just take what you like, and get out.
From one mouth to another.
I am getting sick again.

You ate something that you shouldn't have.
You looked at something that you shouldn't have.
You were something
non-being
I hate waiting.
Doing is a form of waiting. A good waiting.
We all have friends here.
WE NEED YOU TO TALK!
The words are saying things!
What do you have beneath the hat?
Ideas to turn your head/
What is an idea?
A meal that you can touch.
Bad in the bedroom, bad in the boardroom.
BADLY in the drawing room
get him out the front door, and bring him in the back
all the furniture and all the clothes are gone
think of it of a movie set
this is a good place to start
my hand is tired
eat another raisin
is this your answer to a meal
come now
I am doing everything that I can!
She took everything.
Don't let her get into my hand.
We are done.
We are rare.
Boil the raisin.
I want to go back to being a grape.
These reasons are going to your head.
No, those raisins are going to my stomach.
We are done.
We are done making turning.
Looks good enough to eat.
Look but don't touch.
You have nothing to worry about.
From mud you have come
and unto mud you will return.
Do you have a light?
I have a spark. But it only lasts so long.
Concentrate on starting a fire. Rubbing twigs together.
Rubbing fingers together.
Hand wringing.
Who are you working for? Who are you working with?

I want to get rid of something.
I need to get rid of you.
The ice sculptures are melting.
What does *under the table* mean?
WE MAKE OUR OWN LAWS!
We make our own bodies and our own touch.
I can buy friends.
Move your head up and down.
We are right.
Give the money back. Give the time back.
Are we even?
There she is.
Look over there.
Look into my eyes.
I am running out of ideas.
And around again.
Do you want to dance?
Stare deeper.
How do I twist it one turn around.
I only want to make it back.
Let' s take a family picture to remember how it was.
How it started.
This is how we put it all in shape.
I feel as if I am holding the whole world in my hands.
There's a whole in the hole.
The world is running down the house.
Tell me your story
and I will pay you for you idea.
THE WIND WILL MAKE IT RIGHT!
I am running out of twists
and I have not come around yet.
"You really make the heads turn!"
I need you to come down to my office.
Bring your confession.
Did you say resume?
NO
I want something for the ages.
This is not torture
if you ask for it
if you can take it
see it
never touch
you are bigger than yourself
never touch
if you can't see it

can you touch it
I am good in the dark
good at turning heads
a glow
