

WHERE DO YOU WANT TO GO

Where do you want to go?

What do you mean?

You called me? What's your destination?

I don't know. I was told to be dressed and ready for my ride.

I am at your service. But I have to know where you want to go.

Where am I suppose to go?

One in a million

it could have been more

if you knew where to go

I can only go where I've been

a place too far gone

too far to go

is some guy staring at me

are you going to pay up

I WANT TO FIGURE OUT HOW TO OPEN THE CAVE

you are ready to take a journey

come on inside

there is work to get done

do you have a pen and paper

or are you ready to train your memory

how much of yourself are you ready to give

more than you have given already and less than is expected

AND NOW

you are a million mile away

I can't worry about it

I can't get there even if I wanted to

GO

THERE

knowing where doesn't do much good

all you have to do is say

I want to go there

I want to go

just GO

things come a halting

it is late

is it late

you have to wait some time

before you can even say

wait

it is too late

or not late enough

it has nothing to do with time

it's all about you

where do you want to go
where do you want
what you want
We can't even finish the journey if we haven't even started.
Maps will not help us in this quest.
We will have to grope in darkness until we see
can't you make this simple
do you like me
or do you not
I like you when I can't see you
when I feel that is a journey
to get to you
but afterwards
why do you not like me like that
why do you not feel for me in this afterwards
I am not good with after words.
With the touching and feeling. I need a cover story. Something to make my actions seem
forgivable.
You are OK
to have this
ON AND OFF
where can I get the power turned on.
I want to go to the POWER COMPANY!
I want to be where the generators are.
I want to feel the pulse through my body.
The pulse that replaces the pulse.
What are you doing tomorrow?
Are you waiting to hear from me?
OR
are you waiting for me to arrive
tomorrow
knowing that nothing else will matter
except being face to face
I am almost there
OR
I don't know how to get there.
I have no idea whatsoever how to get there.
I want to get there as soon as I can.
But
for the time being
I have no idea where I am going
I am here and it feels good
I want to stay here but I can't
I have to go
I have to go somewhere

where are you going
anywhere but here going
you can't be here
you can't come in here
there is so much happening
outside my window
I don't want to leave
I want to stay here
I can't throw myself into it
into this disaster
you are too close to things
things to get unclosed to
YOU ARE NEVER GOING TO GET THERE
give me something to feel good about it
to make me think that I am closer than I am
your apology is accepted
I want more
I want the muddy river to give me everything that I need
give me more
let me swim in those waters
I am becoming part of
the part
YOU ARE NEVER GOING TO GET THERE
something is slowing me down
can't you move faster
why do you feel
body ache
the mind is mud
thinking about it
is slowing you down
can I be free
leave me alone
and leave my story out of this
it's floating in the water
I'm trying to say above water
funny feelings all over me
I can take you there.
I don't even know where I am headed.
Here's a picture!
The little excuses are getting me closer!
I don't want you to dwell on any of this.
These are all things that you've done before.
This is a lovely place. You can do all the things that you've done before.
It's a memory amusement park!
I'm past the ever of ever.

You knew this was going to happen.
Sure it seems bigger now than the now was supposed to be.
But it is what it is.
You have to live with it as it is.
Where are you?
Where can I come and get you?
We can get out of this place.
But we can't get out of our now.
We are learning!
Learning what? You rules?
If we can't get out this place,
we can't escape ourselves.
This place is fast becoming who we are.
Clever logic.
Clever logic is the basis of regular logic.
So be it!
Can't I reason with you?
You are going to have speak more clearly
if you expect to be taken seriously.
Is that why you scream so much?
Screaming is not the same thing
as speaking distinctly.
What are you eating?
Medicine.
I want to share!
Sharing means sharing my troubles too!
If you eat that,
it will make you sick.
If you eat that, it will make you silly.
It will make you be someone else.
Not me
some other someone.
I can only tell it like it is.
For someone
from someone
to someone.
Tell me how you want to hear it.
Clean up. And let's go.
I want some chips before I get out of here.
They are just going to break apart in your hand.
Or in your mouth.
All a matter of proportion.
You're making me feel like some kind of weird creature.
I need to get out of here
before they catch up with me

before I catch up with myself.
Where do you want to go?
Got what I paid for
and that was that.
Then I could just leave.
A nice combination of flavors that just happen to
MELT IN MY MOUTH.
Is there any hope here? Are you asking me? Are you telling me?
Is anyone getting this down?
Nothing tastes like it used to.
I'm crying all the time,
I don't know what's wrong.
It's the world passing away.
And in its place
a potato surprise
where are you now
somewhere
no one can find me
where you can't find me
even if you tried
why didn't anyone tell me
I was in the middle of playing a game
something physical
or less physical
or less like a game
using the imaginary body
where are you now
I'll only talk to you if you take off the mask.
You already are talking to me.
That's not what I mean. Take off the mask, and I will talk freely.
Children screaming outside
gently breaking the sound barrier
escape
these are things that I know now
what time is it
how much money is in my pocket
how much time I have in this place
I will have to leave soon
everything is packed up
move up
I move slower
I need to get to my destination
those who are listening
those behind walls who are listening
those who can't hear through the walls

we begin again
with a tapping
what is that noise
who did you let in
I need you to let me in
tell me about the weather
confession about
the weather
feeling under the weather
or part of the weather
in the weather
there is so much happening around me
no one can stop me
I can't stop myself
talk on
your words will reveal you
eventually
you won't be able to hide
hiding anyway
you won't be able to
you have been spending a lot lately
the owners of this place say that we can only stay a little longer
Where are you going to go?
Where do you want to go?
Somewhere
that they don't say silly things to us all the time.
I know a place.
I'm glad that you do. You need to take me there.
I can't take you.
You just have to
get there.
You will
if you want to
if you want to you will want to
and it may end then and
there
get there
if you will
whatever you will
but will it be enough
is it enough
send someone in your place
in the place
where you live
send someone

who can take your place
but not take you
not take you away
even when they are in place
or in your place
if you want it
you will
this is very important
very, very important
I don't want to exaggerate its importance.

But you have
got us all the way here
all the way and back
if you want it you will
are you using me like that
getting me there so you can get there
trying to ride
my coattails
riding my back

QUIT RIDING ME!

Then it all stops.

Who's who?

Who is in place and who is not.

This is something that you really need to know.

You will learn

in good time.

QUIT RIDING

ME

QUIT IT!

You have nothing to lose.

Up front like that

you have nothing to lose

you have nothing like that.

I need a place like that.

How many square feet?

Dish washer?

Running water?

Who is chasing?

This is a hard one to get through.

So many demands.

Give me a list!

So many

on the list...

I give it a go

go for now

later for no...
where are we going
it looks like nowhere
we are really going nowhere fast
are we
nowhere
just a little to the left
that is OK
we are picking up steam
we are getting our bearings
creating a big picture
even if there is none
creating an even bigger picture
even if there is no one
who really believes it
but
at this point
no one can help but go along
no one will
at this point
go along
even if they could
creating an even bigger crater
even if they could
it's the outline of the crater
the outline of myself
so I make it sound as if I am feeling it
I am going along
with something
that I have no idea about
an image
a place
I go towards this place
no one can help
is this going to make it better
is it any better for you
this could change your life
one day you just say to yourself
PACK UP AND GO
it would have been so easy
to be easy
think ahead
what is that
I am too deep in the back and forth
you keep asking

where do you want to go
who are you asking
who would I have to be to answer
where
where
where
what
what

what is the matter
I keep asking OH DEAR
what can the matter be
nothing but matter
nothing matters but matter
what is the matter
oh dear

someone really destroyed this place
where I used to come all the time
how does someone
mess with my memory
that's how it has to be
deal with it

I keep asking
what is the matter
oh dear

Dear, what is the matter?
Dear Matter,

It has come to our attention that something seriously is the matter. Please solve this problem before it comes to our attention that something seriously is the matter. That's all that matters at this time.

Signed,

Seriously the matter.

Between me and the matter,
there is nothing,
nothing that could be the matter.

There is nothing between us.

What has come between us?

I keep asking.

If we could just put some matter in there.

Are you afraid to touch it?

Where do I start to touch it?

Something is seriously going awry.

Where do you want to go?

Anywhere but here.

Is that an order?

Did someone take that order?

I have the get-out-of-here to go
I have the get-out-of-here-to matter.
Two-get-of-heres to matter.
Two-get-of-heres to go.
Just drive. Away from all these silly people and their silly words. People don't understand anymore. Things matter.
You had a chance to make it right.
Who are you afraid of? What are you afraid of?
This is something that I need to take care of.
She might say no.
Everyone will say no
I need the illusion for a few days
that everyone will say yes.
Just someone will say yes.
Everyone just screws you in the end.
What if you want to be screwed?
What if you want to be everyone?
Are you going to move?
Are you going to tell us your name?
I need the illusion
for a few days
I am buying an illusion
gambling an illusion
I know you are too
that I am important because
I am close to someone who is important.
You will say
someone
who is paying
or not paying
I am important
I will get you there on time
this is a test
if you get mad
if you get mad again
it's never going to be easy
shut it down
time to quit
you have my world in your hands
don't break it
all your world
I want to go everywhere in your world
so romantically put
your world
your every world

don't break it
I asked you in
hoping beyond all belief
that you would not break it
step up
and not
break it
does any of this make sense to you
you need to quit
when is the last day
that you can quit
I can quit anytime that I like.
Why are you mad at me?
